Note:

The NMC registration process can be started, once you have achieved either the minimum Academic IELTS test or the minimum UKVI Academic IELTS test scores of 7.0 in listening, 7.0 in reading, 7.0 in writing and 7.0 in speaking, or the minimum OET test scores of 'B' in each of the same four categories. However, in order to obtain your visa to enter the UK, the UKVI Academic IELTS test **is mandatory** (with a minimum score of 4.0 in each of the above four categories).

Please also note that the required score in each category of the IELTS test can be achieved over two sittings of either of the above individual IELTS tests, or by a combination of both IELTS tests.

However, in order for this to be accepted by the NMC, the two tests must be taken within six months of each other and no single score must be below 6.5 in any of the eight categories across both tests. For the OET, two sittings of the test are also allowed. However, the two tests must be taken within six months of each other and no single score must be below 'C+' in any of the eight categories across both tests.

Note: Nursing management/supervisory references are required from current/previous employers, covering the last three years of employment. If you have had only one employer for the past three years or more, one reference will be required from that employer. If you have had two or more employers in the past three years, a separate reference will be required from each individual employer.

If for part or all of the previous three-year period you were involved in full time education, a reference will be required from your academic institution, covering the period of such full-time education.

If you have any gaps in employment during the past three years, as indicated in the 'Explanation of Gaps' section above, which are not accounted for by your nursing employment or academic references, then a character reference is also required from a person not related to you, who must have known you for past five years, be of good standing in the community and not be in a financial relationship with you.

The character reference must state how many years this person has known you and should briefly detail your good character. The reference can be sent to the employer, by e-mail, by the person providing the character reference, or placed on letterhead, signed and mailed directly to the employer.
